

Thank you for your purchase!

I appreciate your business

I really hope you find use in this application and it helps you forward with your tasks. I spend a lot of time perfecting my apps and add a lot of finishing touches to ensure they are the best I can make.

And because I really value the usability and experience of using my apps, for any issue you may find, you can contact me at the email address below:

codrut@codrutsoft.com

or find me on my official website

<https://www.codrutsoft.com/>

Technically, I'd say this offer expires in ten years, like a warranty type thing, but to be honest, if were still alive in a hundred years, I'd most likely still be more than happy to help you out. So, feel free to reach out!

I wish you all the best,

Petculescu Codrut
